SCHEDULE 2 -- SERVICE LEVEL AGREEMENT

1. Availability Commitment. Nimbus will make the Services available with a Monthly Uptime Percentage of at least 99.9% in each calendar month.

2. Definitions

"Monthly Uptime Percentage" means the total number of minutes in a calendar month minus the number of minutes of Downtime in that month, divided by the total number of minutes in that month.

"Downtime" means any period during which the Services are unavailable, excluding unavailability caused by (a) Scheduled Maintenance; (b) Customer's equipment, software or network; (c) suspension of the Services in accordance with the Agreement; or (d) force majeure events.

"Scheduled Maintenance" means maintenance announced to Customer at least forty-eight (48) hours in advance, not exceeding eight (8) hours in total in any calendar month.

3. Service Credits. If the Monthly Uptime Percentage falls below the commitment, Customer will be eligible for a Service Credit equal to the percentage of the monthly Fees shown below:

Monthly Uptime Percentage	Service Credit
Below 99.9% but at least 99.0%	5%
Below 99.0% but at least 97.0%	10%
Below 97.0%	25%

4. Claiming Credits. To receive a Service Credit, Customer must submit a written request to Nimbus support within thirty (30) days after the end of the month in which the Downtime occurred. Failure to submit a timely request forfeits the Service Credit.

5. Limits. Service Credits for any month shall not exceed 25% of the monthly Fees and may only be applied against future invoices. Service Credits have no cash value.
